

Best of NeoCon 2025

The International Facility Management Association (IFMA) is pleased to share an opportunity for its members to serve as jurors for the Best of NeoCon 2025 competition

As an IFMA member and specifier of interiors products, would you like to serve as a [2025 Best of NeoCon](#) juror? The 35th annual competition takes place June 6-7, 2025, before [NeoCon](#) opens at THE MART in Chicago, June 9-11. The Best of NeoCon jury members

are commercial, education, government and healthcare interior designers, facility managers, real estate executives, and architects, who review new interior products just before NeoCon opens.

For their service, jurors receive recognition and promotions in industry publications, websites, and social media. Those who have served find the experience to be valuable to their employers as well as their careers. Many return frequently to serve up to three times.

If you are interested in participating, please [FOLLOW THIS JUROR REGISTRATION LINK](#) to the portal to complete a juror registration profile, including your contact details, employer, and answer a few questions about recent and current projects and specification volume. We will review the answers and contact you to let you know your status as a juror.

The Competition provides an exclusive opportunity to meet the product manufacturers and designers and have a private product introduction in the NeoCon showroom before the show opens on Monday. After the show, jurors receive a link to the winning products presentation to share with their department and design teams. Jurors' employers pay for the travel and hotel costs associated with the competition and attending NeoCon.

For your reference, the 2025 Best of NeoCon judging schedule is:
Friday, June 6, and Saturday, June 7, from approximately 8:30 a.m. until 5:00 p.m. CDT

Again, please complete your [JUROR REGISTRATION HERE](#). Thank you for your consideration and potential interest in participating as a 2025 Best of NeoCon juror.

Send questions to [The Best of NeoCon Team](#).

Eileen McMorrow
IFMA Member since 1988
